Club Mid: Exploring, Leading and Active

Club MID provides opportunities for teens to engage in a journey of discovering new things about themselves, their peers, and their world. A normal day for Club MID teens begins with a homework and snack time immediately after pickup from school, followed by afternoon on-site activities. Parents will have prior notice requiring consent if the program is to go off-site.

Many of the program elements, activities, and excursions were developed with the energetic input of current Club MID teens. This program serves to bridge our School Age Day Camp program and our No Limits (High School Teen Leadership) program. Teens are given the freedom to develop and explore in their own time, at their own pace, while under the safe supervision and structure of our trained, caring YMCA staff professionals while further developing their values of caring, honesty, respect, and responsibility.
